

# DSX T1/PRI PCB (P/N 1091006) COMPATIBILITY NOTICE

---

Read the following compatibility notes before installing this PCB.

## **DS2000**

The DS2000 system must use software version **03.22.08** or higher. The PCB will not function in any prior versions. The DSX T1/PRI PCB only provides T1 compatibility in DS2000 - not PRI.

## **DSX-80/160**

The DSX-80/160 system must use software version **01.01.05** or higher. The PCB will not function in any prior versions. When used with DSX, the T1/PRI PCB provides both T1 and PRI compatibility (when available).
